GES REPAIR PLANT NEARS COMPLETION; DREDGES, SMALLER MACK MES GO TO CONSTRUCTION PROJECTS

TO PRODUCE ELECTRIC VIERATORS -- Leningradskaya Pravda, 22 Feb 52

The first shops of the Stalingrad GES Project Repair Plant have been put into operation on the left bank of the Volga, at the point where the Volga-Ural Canal will begin. This plant is to be the largest auxiliary establishment of the project. Here earth-moving and other machines will be assembled and equipment repaired. The plant will produce electric vibrators, to be used in driving in metal pilings. It is already repairing tractors, bulldozers, and excavators; some excavators are being assembled in the shops.

BUILD DREDGE FOR TAKHIYA-TASH GES -- Ashkhabdad, Turkmenskaya Iskra, 9 Mar 52

The Gor'kiy Krasnoye Sormove Plant has completed a heavy suction dredge for the builders of the Takhiya-Tash GES. The plant has begun the assembly of another such dredge.

TO USE MOBILE PUMPS FOR IRRIGATION -- Minsk, Sovetskaya Belorussiya, 22 Feb 52

The Machinery and Repair Plant of Ts Ch Ovodstroy Central Black Earth Region Irrigation Trust? has begun to build diesel-powered mobile pumping stations, to be used in irrigation work at sovkhozes and kolkhozes. They will be pulled by S-80 tractors, and will be equipped with a sectional pipe consisting of 200 sections. It will take under 4 hours to assemble the pipe and put the pumps into operation. The pumps have worked well on tests.

COMPLETE RESERVOIR PUMP -- Moscow, Komsomol'skaya Pravda, 27 Feb 52

The Uralgidromontazh and the Uralelektroapparat Plants, both of Sverdlovsk, have completed the second electric-powered pump for the Il'yevka Karpovskiy Pumping Station. The pump will supply over one million cubic meters of water daily to the Karpovskiy Reservoir.
